Re: EBSCO Search Tips

The MedLine with Full Text and CINAHL with Full Text databases allow you to search by topic within the entire databases, by topic within specific publications, or search for specific articles within publications. To assist you in exploring the services that EBSCOhost offers, below are step-by-step instructions on **searching within specific publications**.

Logging In

[Click Here](#) to go to the log in page. (For ID and Password, call the Learning Center at (954) 776-3267.

Conducting a Topic Search

Instructions:

- 1) Once logged in, **choose which database** you would like to search (can choose both if you would like to expand the search) and click **“Continue”**:

EBSCOhost: Choose Databases - Microsoft Internet Explorer provided by Holy Cross Health Ministries

Address: http://web.ebscohost.com/ehost/selectcb?vid=1&hid=112&sid=715849da-9448-4534-526f-df0ce5c8792f%40sasstonngri112

Choose Databases

To search within a single database, click the database name listed below. To select more than one database to search, check the boxes next to the databases and click *Continue*.

Select / deselect all

CINAHL with Full Text (Trial)
CINAHL with Full Text is the world's most comprehensive source on non-nursing-related health journals, providing full text for nearly 600 journals indexed in *CINAHL*. This authoritative file contains full text for many of the most used journals in the *CINAHL* index - with no embargo. Full-text coverage dates back to 1981.

2) Enter key words to search (follow instructions in diagram below):

The screenshot shows the EBSCOhost search interface. The search bar contains the text "pressure ulcer", "and assessment", and "and tools". Below the search bar, there are options for "Basic Search", "Advanced Search", and "Visual Search". A dropdown menu is open, showing "Select a Field (optional)" with options: "TX All Text", "AU Author", "TI Title", "SU Subject Terms", "SO Source", "AB Abstract", and "IS ISSN". The "Search" button is highlighted. The interface also includes a "Limit your results" section with checkboxes for "Full Text", "Abstract Available", "Author", "Peer Reviewed", and "Clinical Queries". There are also fields for "Year" and "Month".

a. Enter keywords (can enter multiple words)

b. Can specify where to search (i.e. All Text, Author Name, Article Title, Publication Name, etc.)

c. Can add more rows as needed (to search for more keywords)

d. Click "Search" to run the search

3) Search Results: Can narrow results with instructions in diagram below. If full text (pdf) of article is available, there will be a pdf icon for you to click on. *If full text is not available* but you wish to obtain the article, contact the Learning Center at (954) 776-3267 or via e-mail at learning.center@holy-cross.com to submit an article request.

The screenshot shows a Microsoft Internet Explorer browser window displaying EBSCOhost search results. The search query is "TX pressure ulcer and TX assessment and TX tools". The results list three articles. Annotations with red arrows and boxes provide instructions on how to narrow the results:

- a. Narrow results by choosing type(s) of source, major subject heading, publication name, etc.** - This annotation points to the left-hand navigation pane where filters for Source Types (e.g., All Results, Periodicals, Books/Monographs), Subject: Major Heading (e.g., Pressure Ulcer, Risk Assessment), and Subject (e.g., Subject, Publication) are visible.
- b. Narrow results by adjusting to most recent dates, full text only, etc., and click "update results."** - This annotation points to the right-hand "Limit your results" section, which includes checkboxes for "Full Text", "References Available", and "Abstract Available", a "Filter by Publication Date" range set to 1973-2009, and an "Update Results" button.

The search results themselves include:

- 1. [Assessing the risk of pressure ulcer development.](#) (includes abstract); Benbow M; British Journal of Nursing (BJN), 2009 Aug 13; 18 (15): S26-9 (journal article) ISSN: 0966-0461 PMID: 19717997 CINAHL AN: 2010382155
- 2. [Reswick and Rogers pressure-time curve for pressure ulcer risk. Part 2.](#) (includes abstract); Gefen A; Nursing Standard, 2009 Jul 22-29; 23 (16): 40-4 (journal article - pictorial), 2010363010
- 3. [Perioperative wound assessment and documentation... 41st Annual Wound, Ostomy and Continence Nurses Annual Conference, St. Louis, Missouri, June 6-10, 2009.](#) Mascolo LL; Journal of Wound, Ostomy & Continence Nursing, 2009 May-Jun; 36 (3S): Supplement: S14 (journal)

4) "Exit" when finished
